

**Topic of the Speech:**

Ti₃C₂T_x Coating on Cotton Fabric for Electromagnetic Interference Shielding

Dr. Ronghui Guo

Sichuan University
China

Dr. Ronghui Guo is an associate professor at Sichuan University, China. She is a member of the steering committee on China textile and apparel of the Ministry of Education and member of the council for textile dyeing and finishing, China. Her research areas are functional textile materials, textile dyeing and finishing and novel fiber materials.

She has over 120 scientific publications including more than 70 SCI papers and she owns more than 10 patents. Her teaching activities include subjects based on functional textiles, high performance fibers, textile materials, industrial textiles and textile comfort etc. She is awarded as excellent teacher by Textile Industry Federation of China. Her design works have been exhibited in many countries and regions such as the United States, Britain, France, Hong Kong and Beijing, etc.
