

Topic of the Speech:

Calotropis Gigantea Fiber and Its Eco-functional Textiles

Professor Gang Li

College of Textile and Clothing Engineering,
Soochow University
China

Professor Gang Li is a full professor at the National Engineering Laboratory for Modern Silk, Soochow University of China. He is the 15th high level talent of “Top six talent peaks” in Jiangsu province of China. He received MEng. from Donghua University of China, and obtained his Ph.D. in Biomedical textiles and Engineering from the Hong Kong Polytechnic University. He is also a visiting professor of Tufts University in USA. He published over 150 academic articles and issued 50 patents between 2006 and 2024. His research interests focus on biomedical materials, functional and smart textiles by combining silk-based materials, biomedical materials and textile engineering.
